

# LPR Rapid Deployment System

Intelligent ALPR Solutions

## Highly Portable / Cost Effective

NDI Recognition Systems' Rapid Deployment License Plate Recognition (LPR) System is the fastest, most accurate and cost-effective way to deploy fully-functional LPR in minutes.

**Portable LPR is easy to install and use** - Presented in a rugged military grade case, these systems can be shared by multiple officers in different vehicles using their existing laptop computers.

## Only NDI offers this portable LPR solution:

- » Can be set up in minutes
- » Two multi-purpose zoom cameras tie directly into your existing laptop\*
- » No permanent installation is needed
- » Adaptable (covert, traffic, checkpoints)
- » Priced to meet any budget

**Everything you need fits in a durable case** – Two window-mounted LPR cameras (available trunk mount option), custom camera cables, VeriPlate installation CDs and training guides.

**Efficient and cost effective** – VeriPlate RDS is priced to provide tremendous flexibility – equip more vehicles with advanced LPR technology for less.

*\* Must meet system requirements*
